March is already here and spring is around the corner. Please help me welcome our new charge nurse, Kay Hobbs, and our RCC, Tamicka Sanders. As the seasons continue to change, I would like to extend our gratitude for all of our residents and families who have allowed us to be a part of their lives and continue to learn, grow, and live together.

Popular Pages: 'Journey to the Center of the Earth'

Originally published in 1864, this science fiction adventure novel by Jules Verne came at the perfect time, appealing to society's increased interest in geology and paleontology. Axel, the novel's teenage narrator, is a research assistant to his slightly grumpy yet always curious uncle, Otto Lidenbrock. Otto finds a coded message about the wonders that lie at the center of the Earth. An ensuing trip to Iceland puts Axel and Otto in contact with a bird hunter named Hans Bjelke, who acts as their guide. Traveling through Earth's interior via a dormant volcano, the reader is along for the ride as the trio encounters subterranean ecosystems, prehistoric creatures, rushing seas and fireballs. The tale remains a classic more than 150 years later, continuing to inspire numerous adaptations in movies, television and games.

Homemade Bird Feeder

With spring upon us, flowers begin to bloom and birds begin to tweet. Give those birds a delicious treat with a homemade bird feeder. Simply grab a box of unflavored gelatin and a bag of birdseed at your local grocery store. Mix 1/2 cup hot water and one packet gelatin; once the gelatin is dissolved, pour 1 cup birdseed into the liquid and mix to evenly coat. Next, fill a muffin tin or other fun-shaped molds with the concoction, and allow the mix to harden before "throwing" the snacks to the birds.

Join Us for Crafts

Do you enjoy creating handmade projects? If so, join us for our weekly crafts! We love to have fun, and we welcome all skill levels and abilities. Stop by the front desk or check the calendar for the dates and times.

Thanks, Doc!

National Doctors' Day is March 30.

EMPLOYEE OF THE MONTH
 Crystal has been with Lake Wylie for several years. She is a joy to work with and is always willing to lend a helping hand. She has a husband of 13 years with two boys. Crystal loves doing crafts, building Legos, and singing gospel music in church. We are happy to have her as a part of our team.

Wearing of the Green

It's hard to imagine a color other than green dominating St. Patrick's Day celebrations, but for centuries, blue was associated with Ireland. One reason for the color switch was the Irish Rebellion of 1798, an uprising against British rule in which Irish soldiers wore green uniforms. As made famous by the lyrics of the ballad "The Wearing of the Green," people began displaying the color as an expression of national pride.
